

Ionization Smoke & Fire Alarm

9 Volt Battery Operated

Model 2975

Universal® battery operated smoke & fire alarms offer effective and trouble-free protection. The National Fire Protection Association recommends installation of smoke alarms in every bedroom, in the hallway adjacent to the sleeping areas, and on every level of the home. This alarm is suitable for installation in houses, apartments, dormitory rooms, and mobile homes.

Features

Quick Draw® battery drawer

Single silence/test button

Fast and easy to install

Quick activation pull tab

Audible low battery indicator

10-year lithium battery

2 tamper resistant locking features

Battery included

Benefits

Safe and convenient battery replacement

Temporarily quiets a non-emergency alarm and tests alarm functionality

No wiring required

Preserves battery life. Pre-installed battery is quickly activated without removing alarm from bracket

Warning reminder sounds for up to 30 days

Provides power for the life of the alarm (model 2975L only)

Prevents unauthorized alarm or battery removal

9 volt super heavy-duty battery model 2975.
